

# List of Indian Olympic Medal Winners

Dear friends,

Here we are sharing the List of Indian Olympic Medal Winners (1900-2018). India first participated at the Olympic games in 1900, winning two medals- both silver- in athletics. India sent first team to the Summer Olympic Games, held in 1920, and has participated in every Summer Games since then. India has also participated at several Winter Olympic Games, started in 1964.

This is an important topic for upcoming competitive exams in 2018. You can also download the PDF file by clicking on the link given below.
